A THOUSAND AND ONE WORLD WIDE SUBJECTS

New York

The Capital of a Continent

NEW YORK is the larg[illegible]d wealthiest city in America and the BROADWAY CENTRAL HOTEL (Tilly Haynes, Proprietor) (Daniel C. Webb, Manager) is one of the largest and most popular Hotels. It is on Broadway, corner 3d St., right in the heart of the City. Conducted on European and American plans.

ROOMS, $1 PER DAY AND UPWARDS. ROOMS AND BOARD, $2.50 PER DAY AND UPWARDS

SEE BACK COVER

BIRD'S-EYE VIEW OF NEW YORK CITY, COMPRISING FIVE BOROUGHS CONSOLIDATED 1898.
Second largest city in the world. 307⅓ square miles. Population, 4,000,000. Assessed valuation, 1903, $5,432,398,855.

OVL 5829 FC1.9

SKY-SCRAPERS OF NEW YORK — "MANHATTAN BOROUGH" — WITH NORTH AND EAST RIVERS.
America's cosmopolis. Foremost in commerce, manufacturing, etc. World's richest business section.

WALL STREET, FROM OLD CUSTOM HOUSE AND NATIONAL CITY BANK TO TRINITY CHURCH, BROADWAY.
In and around this part of the little narrow thoroughfare is centered the greater portion of New York's financial institutions.

CITY HALL PARK, BROADWAY CANYON, AND PARK ROW BUILDING. VIEW SOUTH FROM DUN BUILDING.
Broadway, one of the longest streets in the world. At the left, Post-office and Park Row Building. Real-estate values necessitate lofty structures.

UNITED STATES CUSTOM HOUSE. NEW BUILDING IN BOWLING GREEN AT FOOT OF BROADWAY.
New York's entrepot. Estimated cost, $4,500,000. Cut and carved granite. Statuary groups of "America," "Europe," "Asia," "Africa."

NEW YORK STOCK EXCHANGE, WALL STREET, U. S. SUB TREASURY, AND TRINITY CHURCH.
White marble structure completed in 1904. Association over a century old 1,100 members. Trinity is New York's richest parish.

A. MANHATTAN SKY-LINE ALONG THE NORTH (HUDSON) RIVER — CANAL STREET TO BATTERY. View from Jersey Ci.
The wonder of tourists. Thousands of tenants in each "sky-scraper." Trinity spire hemmed in by tall buildings.

B. MANHATTAN SKY-LINE ALONG THE EAST RIVER — SOUTH FERRY TO BROOKLYN BRIDGE. VIEW FROM BROOKLYN.
Site of original fur-trading post of Port Amsterdam. A stupendous change in buildings and underground construction since 1623.

TYPICAL NEW YORK SKY-SCRAPERS. MODERN BUSINESS BUILDINGS.
"N. Y. Times": 55 feet underground, 375 above. "The Flatiron" (Fuller Bldg.): 286 feet high.

TYPICAL NEW YORK SKY-SCRAPERS. MODERN BUSINESS BUILDINGS.
Park Row Building: 387 feet high, 32 floors, 6,000 tenants. Hanover Bank Building: 22 stories.

GRANT MONUMENT AND TOMB, RIVERSIDE DRIVE.
150 feet high, 90 feet square. Cost $600,000, given by 90,000 persons.

STATUE OF LIBERTY, UPPER BAY, NEW YORK HARBOR.
Presented to America by France. Designed by Bartholdi. 151 feet high.

THE WILLIAMSBURG AND THE BROOKLYN BRIDGES, ACROSS THE EAST RIVER, THAT DIVIDES MANHATTAN AND BROOKLYN.
A. Williamsburg Bridge, new suspension-cantilever; central span, 1,600 feet, longest in the world. *B*. Brooklyn Bridge, 7,580 feet long.

PROTESTANT EPISCOPAL CATHEDRAL OF ST. JOHN THE DIVINE, ON CATHEDRAL (MORNINGSIDE) HEIGHTS.
In process of erection. In a commanding position on Morningside Heights. Half a century to build. Will cost over $10,000,000.

THE AMERICAN MUSEUM OF NATURAL HISTORY, MANHATTAN SQUARE.
To be one of the world's largest and grandest museums. A great structure now in process of development and construction.
